

## Curriculum Offer

At FAB Learning we pride ourselves in creating flexible educational programmes which are personalised to the individual, whether that's re-engaging a young person with education or gaining specific skills. We collaborate with local authorities and schools to actively re-engage young individuals in the process of learning. Our services extend to providing support for children and young people who face challenges such as potential permanent exclusion, significant attendance issues, or vulnerability associated with special educational needs.

We boast a broad curriculum for learners aged between 8-19 for a maximum of 16 hours tuition a week for KS2, KS3, KS4 and Post 16. Personalised packages are created to include a mix of curriculum and therapeutic programmes. Sessions are led by staff with relevant qualifications and experiences.

We know the first key step to re-engagement is for our learners to feel comfortable in their new educational setting. This is why sessions are planned to take place in learner homes or in community venues. Relationship building is at the very heart of what we do. We personalise their learning journey by offering one to one learning sessions through therapeutic intervention, core curriculum and life skills.

FAB LEARNING INTERVENTIONS LTD aims to offer the following qualifications to learners accessing our provision:

- Functional Skills Maths- Entry Level 1 to Level 2
- Functional Skills English- Entry Level 1 to Level 2
