

FAB Learning

Forming a new beginning through bespoke interventions.

ETHOS

We are a small alternative provision that treasures the children and young people we work with. We believe in keeping learners at the heart of everything we do. Supporting young people through life's challenges and ensuring trusting relationships are formed with families and carers.

We provide our learners with bespoke packages of education and celebrate all of their achievements. Our aim is to encourage them to achieve both their academic and personal potential.

FAB was formed in 2023; we are an established and experienced team. Through many years of educational experience in a variety of settings, our team has an in-depth understanding of what is needed to affect re-inclusion into education and learning.

“In the dance of life, find your rhythm and move to the beat of your own heart.”

FAB Learning

Forming a new beginning through bespoke interventions.

At FAB Learning we pride ourselves in creating flexible educational programmes which are personalised to the individual, whether that's re-engaging a young person with education or gaining specific skills. Our services extend to providing support for children and young people who face challenges such as potential permanent exclusion, significant attendance issues, or vulnerability associated with special educational needs.

We offer a broad curriculum for learners aged between 8-19 for a maximum of 16 hours tuition a week for KS2, KS3, KS4 and Post 16. Personalised packages are created to include a mix of curriculum and therapeutic programmes. The sessions are run in community venues. Sessions run from 9am - 12 then 12:30-3:30.
